THANK YOU FOR STANDING WITH US.

Because of you, our midwest company has run strong through this last year. It's been hard. It has not been without sacrifice. But, because of you, we've never skipped a beat. Sure some things had to adapt. But, a few things will never change. Like our dedication to quality. Our dedication to delivering value. And our dedication to you.

Thank you.

PREMIER EARTH AUGERS

POWER FOR VIRTUALLY ANY DIGGING APPLICATION

Premier Attachments, with our modern state-of-the-art manufacturing facility located in Fort Wayne IN, has built the most reliable earth auger attachments for over two decades. With a complete and comprehensive line of earth auger drive units, mounts, augers, adapters, extensions, teeth, and accessories, rest assured that Premier is the single source for all your earth auger needs.

PREMIER POWER

Premier hydraulic earth auger drive units utilize the power of the host machine to turn it into a high-performance drilling machine. Without leaving the vehicle seat, an equipment operator can dig countless holes in the harshest digging conditions. Fence posts, foundation footings, tree planting, utility poles, and many others that require vertical or angled holes are at their control.

PREMIER VERSATILITY

Premier earth auger attachments adapt to skid steer loaders, mini skid steer loaders, wheel loaders, tractors, backhoes, excavators, forklifts, cranes, digger derricks, mini digger derricks, and other hydraulic machinery. The Duo-Tach™ Mounting System (Patent No. 11,280,057) allows attachments to fit both Mini Skid Steer Loaders and Full-Size Skid Steer Loaders.

PREMIER SERVICE

With the best lead times in the industry, we provide the best solution for your digging needs with the best delivery date possible.

PREMIER WARRANTY

Premier Attachments takes great pride in the quality and reliability of our products. We offer the best warranties in the industry.

MINI-SKID LOADER AUGER DRIVES (MS-SERIES)

Premier Attachments produces three Mini Skid Steer Auger Drives specifically designed for the hydraulics GPM and PSI of this popular machine. These Medium-Duty Auger Drives are cost-effective, powerful, and designed to maximize the hydraulics of the various machinery available.

- 3 Year Warranty
- We offer mounting brackets that include the Universal Mini Skid Steer mount as well as the Bobcat MT mount
- A full range swivel that allows the auger to hang plumb to the ground at any angle
- Output shafts available in 2" hexagon and 2-9/16" round

SKID STEER, TRACTOR, & MINI-EXCAVATOR EARTH AUGER DRIVES (MD-SERIES)

Premier Attachments offers five models in the Standard Duty MD-Series Auger Drives. The Standard Duty auger drive is designed for light to moderate drilling conditions at competitive prices.

- No drain line is required
- 3 Year Warranty
- All Auger Drives are designed and engineered for the higher hydraulic pressures of today's equipment
- Universal Skid Steer mount is an industry standard for all makes and models, however we do offer late model obsolete mounts for those older machines
- Output shafts available in 2" hexagon and 2-9/16" round

SKID STEER & MINI-EXCAVATOR EARTH AUGER DRIVES (H0-SERIES)

Premier Attachments offers four models in the Heavy Duty H0-Series Auger Drives. The Heavy-Duty auger drives are built with industrial grade components for the toughest of drilling conditions.

- No drain line is required
- 5 Year Warranty
- All Auger Drives are designed and engineered for the higher hydraulic pressures of today's equipment
- Universal Skid Steer mount is an industry standard for all makes and models, however we do offer late model obsolete mounts for those older machines
- Output shafts available in 2" hexagon and 2-9/16" round
- Premier's proprietary Labyrinth Seal allows for multiple sealing surfaces within the seal to defend against dirt coming in and oil leaking out. The five different seals outperform the basic double seal used by other manufacturers.

HIGH FLOW SKID STEER & EXCAVATOR EARTH AUGER DRIVES (H0-SERIES)

Premier Attachments offers nine models of the Heavy-Duty High flow Auger Drives. Our Heavy-Duty High Flow auger drives are specifically designed to maximize the high flow capability of torque and speed.

- No drain line is required
- 2, 3, and 5 Year Warranty
- All Auger Drives are designed and engineered for the higher hydraulic pressures of today's equipment
- Universal Skid Steer mount is an industry standard for all makes and models, however we do offer late model obsolete mounts for those older machines
- Output shafts available in 2" hexagon, 2-1/2" hexagon, 3" Hexagon, and 4" Square

CAST STEEL BORING HEAD W/BOLT-ON TEETH

HEAVY-DUTY CAST STEEL BORING HEAD

ONE-PIECE CAST STEEL BORING HEAD

STANDARD SINGLE & DOUBLE FLIGHT AUGER

- One-piece cast steel boring head
- Hardened bolt-on gage teeth on outside positions
- Hardened bolt-on wisdom teeth on inside positions
- Hardened Fishtail Pilot
- 2" round, 2-9/16" round, 2" hex collars
- Available in 3', 4', 5' and 6' lengths

AGGRESSIVE DOUBLE FLIGHT AUGER

- Heavy-duty cast steel boring head
- Hardened drive-in gage teeth on outside positions
- Hardened drive-in chisel teeth on inside positions
- Hardened Fishtail Pilot
- Heavy-duty double flighting
- 2" Round, 2-9/16" Round, 2" Hex
- Available in 3', 4', 5' and 6' lengths

TREE AUGER

- Two-diameter design
- Fabricated boring head
- Hardened bolt-on gage teeth and wisdom teeth with hardened Pilot
- Heavy-duty double flighting
- 2" Round, 2-9/16" Round, 2" Hex

AUGERS

HIGH TORQUE AUGER

- Heavy-duty cast steel boring head w/replaceable shank plates
- Outside gage teeth, standard or carbide teeth & pilot
- 3/8" thick flighting, Extra heavy-duty center shaft
- 2-1/2" Hex, 2-5/8" Hex, 3" Hex collars available
- Available in custom lengths upon request

HEAVY DUTY ROCK AUGER

- Fabricated boring head
- Bullet style teeth
- Carbide pilot
- Heavy Duty Flighting
- 3/4" Thick bottom flighting
- 2" Round, 2-9/16" Round, 2" Hex Collars Available

HIGH TORQUE ROCK AUGER

- Fabricated boring head
- Bullet style teeth
- Heavy-duty 3/8" thick flighting
- 3/4" Thick bottom flighting, extra heavy-duty center shaft
- 2-1/2" Hex, 2-5/8" Hex, 3" Hex collars available
- Available in custom lengths upon request

STUMP PLANER AUGER*

- High quality alloy dual cutting edges
- Cutting edges can be removed and sharpened
- 3/4" Thick flighting
- Center point pulls stump planer into the stump
- Replaceable center point
- 2-9/16" Round, 2" Hex, 2-1/2" Hex Collars Available

*NOTE; TO OPERATE THE STUMP PLANER PROPERLY, THE AUGER DRIVE MUST HAVE THE FOLLOWING:
12" STUMP PLANER 3000FTLBS OF TORQUE | 16" STUMP PLANER 5500FTLBS OF TORQUE

63516	CHISEL, MOIL POINT, PD1000
63517	CHISEL, MOIL POINT, PD1500

POST DRIVER PASTE

MODEL #	DESCRIPTION
63201	POST DRIVER PASTE
63201	POST DRIVER PASTE CASE (10)

POST DRIVER

We offer three configurations to choose from:

- **Basic Post Driver**
Ideal for most jobs and conditions
- **Earth Auger Pre-Drill**
For difficult ground conditions the pre-drill system allows operator to drill a pilot hole to assist in driving posts more efficiently.
- **Combo Driver/Breaker**
This post driver becomes a concrete breaker as well as a post driver

TRENCHERS

Premier Trencher Attachments utilize the power of the host machine to deliver high performance

- Premier's newly patented **DUO-TACH™ Mounting System** allows trenchers to be used on both universal skid steer and mini skid steer mounting systems. Disconnect the mount from your full-size skid steer and re-connect it to your mini skid steer without changing anything.
- Heavy Duty Planetary Drive system eliminates chain reduction
- Heavy-Duty crumpler shoe accessory for loose soil removal
- Replaceable spoil auger mounts most soil to one side of the trench
- Manual side-shift for trenching close to the structure
- Built-in skid shoe provides proper auger depth control
- Built-in mechanical depth gauge
- 2 Year Motor and Planetary/1 Year Frame Warranty

TRENCHER CHAIN OPTIONS

- Double Standard Chain (1)**
Recommended for harder, drier soil conditions
- 50/50 Bullet Tooth Chain (2)**
Recommended for hard soils, frost, and rocky conditions
- 50/50 Shark Tooth Chain (3)**
Recommended for consistent hard soil/rock conditions
- 70/30 Scorpion Tooth Chain (4)**
Recommended for hard soil, rock, asphalt, and frozen ground conditions

M-SERIES - CLASSIC AMMBUSHER MOWERS

For over 25 years, Ammbusher has built safe and reliable Mowers and Brush Cutters. Designed to fit all brands of skid steer loaders and both Standard Flow and High Flow hydraulic systems.

NEW for this year is the addition of our new **PISTON** models. You can find them in both 72" and 84" widths. All Piston models come with 3 or 4 blade configuration and the option of a carbide blade carrier or standard blade carrier.

BRUSH CUTTER FEATURES

- AG models designate Gear Motors
- AP models designate PISTON Motors
- Both AG & AP models have a cut capacity of 8"
- AC Models have a cut capacity of 10"
- NEW 84" cut width available
- Spindle interrupters prevent wire, twine, and vegetation from wrapping driveshaft
- Built in pressure relief valve to protect the hydraulic motor

PISTON MOTOR FEATURES

- Piston Motor is highly efficient
- Utilizes more of the available hydraulic system than other motors
- Better system utilization equals higher torque
- Piston motor reaches higher torque faster than other motors
- Very quick recovery time from stall

MOWER FEATURES

- Available on 60" & 72" cutting widths
- Rubberized drive coupler helps protect motor and gearbox from impact
- Heavy-duty round stump jumper with dual free swinging blades
- Built-in pressure relief valve for fast blade rotation shut down

PALLET FORKS

Premier's newly patented **DUO-TACH™ MOUNTING SYSTEM** allows pallet forks use on both universal skid steer and mini skid steer mounting systems. Disconnect the mount from your full-size skid steer and re-connect it to your mini skid steer without changing anything. With the newer generations of more powerful mini skid loaders, you have one mounting system to work on multiple platforms saving time and money

- A unique center of frame chain-drop connection point to handle the tough jobs. Allows up to a 3/8" thick chain to be utilized
- Extra room between the brick guard and the skid steer, making entry and exit easier on the skid steer
- Forks available in 42", 48", 60" lengths
- Fork capacity rating of 4000, 6000, and 8000 lbs
- Removable center section of the brick guard for easier entry and exit into the skid steer

Standard Skid Steer with Standard Brick Guard

Standard Skid Steer with Walk Thru Brick Guard

DUO-TACH Combo Skid Steer and Mini Skid Steer with Standard Brick Guard

DUO-TACH Combo Skid Steer and Mini Skid Steer with Walk Thru Brick Guard

BALE SPEAR FEATURES

- High-Quality German-made tines - 2800 Lb. capacity
- Standard and Double bale spear designs
- High back option
- Fits Universal Skid Steer mounts

PREMIER ATTACHMENTS

BUILDING A LEGACY FROM THE GROUND UP

Premier Attachments began in 2001 with a commitment to building products with the highest quality components possible, Premier has chosen to utilize components that are proven and reliable.

Beginning with Hydraulic Earth Auger Drives and Augers, Premier has continued to expand our offering into other attachments. Currently, our product line includes Trenchers, Post Drivers, Ambusher Mowers and Brush Cutters, Pallet Forks, Hay Equipment, and all the Parts & Accessories to support them all.

Our products are designed, tested, and built for the professional who demands quality and long life from their equipment. We offer competitive prices, the best warranty, unparalleled customer service, and expert product knowledge.

**We are built in the USA with
Pride and Commitment to
our customers.**

PREMIERTM

ATTACHMENTS

For over 20 years, Premier Attachments has designed, built and backed our lines of products with a unique brand of integrity, grit and midwest determination. We take pride in our unparalleled customer service, product knowledge, and commitment to dealers and end users alike. Unlike many of our competitors, who cheapen their products with overseas components, we are still completely **BUILT IN THE USA.**
